

**Trouble caused because of colour**

'Black lives matter'

Don't be misled.

But why is it such a problem

For it to be said?

Released from the chains,

Freedom at last!

Black is beautiful,

But we will never forget the past.

'Black voices matter'

Let's make a change

Many years have passed,

No change has been made.

'I can't breathe'

Said George Floyd.

Racism is still here

Not to avoid.

Let's make a difference,

Why do we care?

We all bleed red,

Sometimes life isn't fair.
